## ALLIES MAINTAIN POSITIONS ON NORTH BANK OF THE VESLE Airmen Destroy German Pontoon Across Stream

### TEUTONS AT BAY, WITH DEFEAT IN PROSPECT

Teuton Hordes Forced to Abandon Positions on Avre and Ancre Rivers

**'NEXT YEAR OUGHT TO SEE FINISH OF WAR'**

Oppressive Shadow Hangs Over Wreck of Former Greatest Offensive Army

BY WILLIAM PHILIP SIMMS  
(United Press Staff Correspondent)

WITH THE BRITISH ARMIES IN FRANCE, Aug. 6.—The German armies are at bay. Their full retreat toward the Aisne has forced them to abandon positions along the Avre and Ancre rivers and near Givenchy. The Teuton hordes are faced to face with three rock bottom facts. First, the German summer campaign so far is a complete failure. Second, their reserves are badly used up. Third, they are equalled, if not outnumbered, by eager forces which are being increased weekly by tens of thousands of fit Americans who are fighting with impatience to get at the Germans.

Von Hindenburg and Von Ludendorff, the German leaders, have only one card left to play and it is a card of doubtful value. It consists of a complete rearrangement of the western front, suiting it to the altered conditions by shortening the line and adopting defensive strategy behind the rivers and other natural barriers.

This plan would involve the selection of one spot where remnants of the armies from everywhere would be collected to try for a decision. This bid for victory, if made, must have the devil's luck, plus all possible aid from the German gott, plus a large part of the miraculous. Without these conditions it must fail, after which the last spark of Germany's hopes is gone forever.

Over the wreck of what was once the world's greatest offensive army hovers today the oppressive shadow of defeat. Prisoners admit there is a spirit of hopelessness in the German camp, which is gradually spreading to all parts of the army.

I have not spoken of pessimistic letters from Germans to their homes because I believed they did not represent the German feeling. I am convinced, however, that the following letter from a soldier of marine operations to a friend newly arrived at the British front from Germany gives a fair idea of the sentiment of a large part of the army.

"You should be a thick thinker. We now shirk all we can for we are only fighting now for the big wins. At the Marne we did not get very far; our regiment was nearly wiped out.

"War is becoming the greatest massacre that ever was. What is going to happen I don't know. Germany is slowly crumbling to pieces."

There is evidence that desperate efforts are in progress to coerce Austria to help the Germans in France with neutral labor and help from Austria, Bulgaria and Turkey. Russia is being solicited in order to free German workmen for military duty but with all this help can the Germans construct a real offensive? Prisoners frankly say that they do not believe the Germans can continue an offensive movement.

It is too soon to commence throwing our hats in the air or collect bets but with ordinary caution and redoubled efforts, especially in America, from which the allied reserves are pouring, the fifth year of the war ought to see its finish.

W. S. S.

**PELSINGER FIGHTS TONIGHT**

LOS ANGELES, Aug. 6.—Harry Pelsinger of San Francisco and Al Gruman of Los Angeles will furnish the main event at tonight's boxing show at Vernon. Gruman, a week ago, won from Tommy Richards and fans are anxiously waiting to see what happens when he meets Pelsinger.

### Dies in Ally Offensive

**For the Prize Of Death in Battle**

Our young men have gone to the other side, very many of them to give up in their joyous prime all the glory and all the beauty of life for the prize of death in battle for a lofty ideal. While they are defending us, we men and women at home must insist in public and private on a loftier idealism, which shall find expression beside the hearthstone and in the family, and in the councils of state and nation.—Theodore Roosevelt.

**MAN POWER OF ENEMY SADLY DEPLETED IN ALLY DRIVE**

Former Teuton-Held Territory Cobbled with Boche Dead; Staggering Blow

BY WEBB MILLER  
(United Press Staff Correspondent)

PARIS, Aug. 6.—One of the most important results of the present fighting aside from regaining the initiative, recovering French territory and wiping out the menace to Paris, is the effective depletion of German man power.

Since July 15 Ludendorff has hurled no less—and probably more—than 750,000 men against the Allies, of which 75,000 will never fire another shot. More than 40,000 of these are prisoners. Tens of thousands are buried in the Rheims-Soissons pocket or are lying in German hospitals permanently maimed.

In some places the former enemy bulge is still cobbled with boche dead, the French and Americans having no time to bury them. Reports received from Switzerland state that long trains behind the German lines are bearing off wounded to the already congested hospitals.

In man power alone the Allies have dealt the enemy a staggering blow, from which he cannot recover. German power crossed its zenith months ago while daily, almost hourly, the Allied strength is growing as every American troop ship touches the shore.

### OTTO ROZELL, WELL KNOWN HERE, PASSES AWAY AS RESULT OF WOUNDS

WITH THE MARINES  
Died of Wounds Received in Action—C. Otto Rozell, Orange, Cal.

In the casualty list issued by the War Department today appears the name of Otto Rozell, well known athlete, of Orange.

The grim shadow of war settled about Orange this morning when a telegram was received by Charles Rozell, father of the young marine whose life has gone out in the service of his country. Well known in every home in Orange, loved and admired, young Rozell passes with those hundreds of other brave Americans who are fighting on the fields of France.

Otto Rozell was considered one of the best all round athletes in Southern California. He captained the football, track and basketball teams for the Orange Union High School, and ranked as a strong leader in the basketball team of the Orange Athletic club. He left high school in the holidays, and on January 6 of this year he enlisted in the marines. He arrived in France June 1. It was only July 1 of this year that he became 20 years of age.

At Orange the young marine leaves his parents and a grandmother. Somewhere in France is his only brother, Vernon. Rozell's father, Charles Rozell, is one of the best known photographers in the county.

W. S. S.

### WOUNDED WOMEN 'KULTUR' VICTIMS

LONDON, Aug. 6.—Included in the missing or drowned on the torpedoed British hospital ship Warilda are several wounded members of the women's auxiliary corps, it was learned today. Their commandant is believed to be among them. Latest advices placed the number of missing at 123, including an American soldier and seven members of the crew. The Warilda was on its way from a French channel port to England with 600 sick and wounded on board and was sunk Saturday. The attack occurred in the dead of night. The ship remained afloat about two hours. The Warilda was of 7713 tons displacement and was built in 1912. She was owned by the Adelaide Steamship Company of Australia.

W. S. S.

**DEMPSEY AND MEEHAN MAY SOON BE MATCHED**

SAN FRANCISCO, Aug. 6.—Jim Coffroth, boxing impresario, is attempting to match Jack Dempsey and Willie Meehan in his benefit boxing card to be given here on Labor Day night.

A telegram has already been sent to Dempsey and his manager informing them of the plan and asking when they will be ready for the trip west.

W. S. S.

**MALVY ACQUITTED ON CHARGE OF TREASON**

PARIS, Aug. 6.—Louis Malvy, former minister of the interior, today was acquitted on all charges of treason growing out of his alleged connection with Bolo Pasha's "defeatist intrigue."

W. S. S.

**AMBASSADOR TO U. S. RETURNS TO ENGLAND**

LONDON, Aug. 6.—Lord Reading, British ambassador to the United States, has arrived in England. It was announced by the British Bureau of Information here today. He made the trip for the purpose of conferring with the British war cabinet.

### BIG HURRICANE ON GULF COAST

HOUSTON, Tex., Aug. 6.—The barometer was falling rapidly this afternoon and the wind velocity had greatly increased at 2 o'clock, indicating the rapid approach toward the gulf coast of a tropical hurricane of unusual severity, reported by the weather bureau to be expected within twenty-four hours.

At that hour, it was believed that the storm was not more than 300 miles off the gulf coast.

HOUSTON, Tex., Aug. 6.—All wire communications with Orange and other points east of Galveston on the gulf coast went out late this afternoon in a heavy wind storm.

W. S. S.

**COLORADO & MIDLAND R. R. WILL BE JUNKED**

WASHINGTON, Aug. 6.—Barring further action by the United States District Court at Denver, the Colorado and Midland railroad will be junked, officials of the road declared today after refusing offers of the railroad administration to take over the line.

### FRENCH ADVANCE TO AVRE ON 3-MILE FRONT; LARGE AMMUNITION STORES TAKEN

By JOHN DE GANDT  
(United Press Staff Correspondent)

PARIS, Aug. 6. (4 p. m.)—With the Germans resisting fiercely along the Vesle, French heavy artillery on the south bank of the river this afternoon laid down a terrific fire on the tableland between the Vesle and the Aisne. The crossings of the Aisne were also heavily shelled. Simultaneously Franco-American aviators flew over the enemy forces and dropped bombs on the pontoons thrown across the Aisne by the Germans. Two of these were destroyed.

The enemy artillery fire is having little effect, but French advanced troops are encountering dense machine gun barrages. The French are awaiting the bringing up of more artillery before attempting further advances in force.

PARIS, Aug. 6.—The long range bombardment of Paris was resumed today. There were some victims and material damage.

PARIS, Aug. 6. (Noon.)—Allied troops are maintaining their positions on the north bank of the Vesle, despite German efforts to eject them, the war office announced today.

French troops again advanced north of Montdidier, occupying the west bank of the Avre on the three-mile front between Morisel and Braches. North of Montdidier the French progressed to the Avre, which they now border between Braches and Morisel.

(Braches is six miles north and west of Montdidier. Morisel is three miles north and west of Braches and across the river from the important town of Moreuil.)

A German raid southeast of Montdidier failed and we took prisoners. "On the Vesle front the French maintained elements at several points on the north bank in spite of German attempts to eject them."

LONDON, Aug. 6.—Since the Germans began their retreat from the Marne, the Allies have captured a thousand guns, thousands of machine guns and millions of rounds of artillery ammunition, agency dispatches received here from the front report.

### GEN. PERSHING DECORATED TODAY WITH FRENCH CROSS

WITH THE AMERICAN ARMY IN FRANCE, Aug. 6.—Pres. Poincaré personally decorated General Pershing with the Grand Cross of the Legion of Honor this morning in impressive military ceremonies at American general headquarters.

**ARTILLERY ACTIVE IN FLANDERS AND PICARDY**

LONDON, Aug. 6.—Raiding operations in Flanders and enemy artillery activity on both the Flanders and Picardy fronts were reported by Field Marshal Haig today.

"An attempt by the enemy yesterday to capture one of our posts northeast of Merris was repulsed by our counter attack," the statement said. "We captured a few prisoners and machine guns last night in the Nieppe forest sector."

"Hostile artillery have been active with gas shells north of Villers-Bretonneux and has shown activity also about Buequoy and north of Bethune."

### HUN MINISTER OF MARINE RESIGNATION IMMINENT

PARIS, Aug. 6.—German newspapers announced the resignation of Admiral Von Capelle, minister of marine, is imminent.

The Deutsche Tages Zeitung rejoices in the resignation of Field Marshal von Roltzen, commander in chief of the Austrian armies, because he was an adversary of Admiral von Tirpitz, leading exponent of submarine frightfulness.

**GERMAN AIR MEN FAIL IN RAID TO ENGLAND**

LONDON, Aug. 6.—Of three German airships which attempted a raid on the east coast of England last night, one was brought down in flames in the sea, and another was badly damaged but probably reached its base, the admiralty announced today.

The aircraft did not penetrate far inland.

### RUMORS AFLOAT OF MUTINY ON U-BOATS

AMSTERDAM, Aug. 6.—Rumors have reached here that some of the crews of submarines at Wilhelmshaven revolted and that a number of sailors were executed.

**DEFENSIVE WARFARE SOON TO BE FORCED ON GERMANS**

By ROBERT J. BENDER  
(United Press Staff Correspondent)

WASHINGTON, Aug. 6.—Beaten back to the Vesle river and presenting a shaken front at numerous other points on the great west front line, Germany, in the opinion of officials here, must soon make some reckoning to her people.

It is believed here she will attempt to dig in soon and set up a bitter defensive front or attempt a new offensive at some other point in the line after she has had an opportunity to reorganize her forces and simultaneously launch the first of a series of progressively attractive peace maneuvers.

That she is in no condition to start successful offensive action anywhere is the conviction here. The British are stronger than in many months. The Americans and French are demonstrating their increasing effectiveness.

Hence it would appear that Germany's best play would be to settle down to defensive warfare and try to gain peace before the great "battle of the Allies"—the action to be launched later to gain a decisive victory.

### AMERICANS DOWN FOUR HOSTILE PLANES

French Hold Bridgeheads Despite Two Strong Attacks by Germans

### RETREAT TO MEUSE HINTED BY ZEITUNG

People of Berlin Nervous, and Begin Figuring on Ultimate Defeat

WASHINGTON, Aug. 6.—American airmen brought down four enemy planes August 3, the French war office officially announced today.

WITH THE FRENCH ARMIES IN THE FIELD, Aug. 6.—(2:10 p. m.)—French troops today maintained their bridgeheads across the Vesle river despite two German counter attacks. A mill six miles northwest of Fismes was occupied by the French during the night. Two bridges in that region also were seized. The Germans are still holding out in this region.

Machine gun emplacements have been established and the enemy is making heavy resistance.

The French have solidly established their positions near Montdidier on the banks of the river Avre.

THE HAGUE, Aug. 6.—The Berlin Zeitung, in a pessimistic article, hints at the possibility of a German retreat to the line of the Meuse, according to advices here.

A neutral traveler returning from Berlin declared today the "man on the street" there is nervous and beginning to reckon on the ultimate defeat of Germany.

W. S. S.

### LONDON PERIODICALS ENTHUSIASTIC OVER PREMIER'S MESSAGE

LONDON, Aug. 6.—London newspapers are enthusiastic over Premier Lloyd-George's message to the British people. They are unanimous that he struck the keynote of the Allied cause, that Prussianism must be beaten until it is impossible for it to rise.

"The Kaiser told Ambassador Gerard that Great Britain is an obstinate nation," said the Mail. "She is all that and something more. She is inspired in all her obstinacy with the idea that liberty must be secured and that justice must prevail."

"To stop short of victory is unthinkable," said the Times. "It would compromise mankind. No half-way decision, in President Wilson's words, would be tolerable or conceivable."

"The message is a direct appeal to every people for which democracy stands," the Express said. "The beast that sank the Warilda must die," declared the Graphic. "Premier Lloyd-George says, 'Hold fast,' because any compromise inevitably would mean a prospect more awful still," said the Mirror.

"Lloyd-George's spirit is improving but he might also have said, 'We must make good,'" said the Post. "Lloyd-George has given the watchword," the Telegraph said.

W. S. S.

**REPUBLICANS IN LEAD**

VENTURA, Aug. 6.—Final registration figures show that 8105 electors have qualified for the primary election in Ventura county. The division is as follows: Republicans, 4759; Democrats, 2601; Progressives, 74; Socialists, 74; party designation declined, 453.

### MAY RELEASE WIFE OF BANK ROBBER

LOS ANGELES, Aug. 6.—Mrs. Jack Walters, wife of one of the four men held for the robbery of the Home Savings bank here, probably will be released today, the police declared. They are holding her merely to complete their investigation.

# 498 U. S. CASUALTIES TODAY

## 358 ARMY, 140 MARINES; TOTAL IN DRIVE LISTED TO DATE IS 1214

WASHINGTON, Aug. 6.—Four hundred and ninety-eight American casualties were reported back from the Franco-American drive in five lists made public today. They include:

Three hundred fifty-eight troops and 140 marines. American casualties thus far announced from the Franco-American push total 1214. As rapidly as they can be compiled at the war department they are being given out, and more probably will be announced today.

The army list was divided as follows: Killed in action 31; died of wounds 6; wounded severely 313; wounded, degree undetermined, 7; prisoners 1.

The marine list was divided as follows: Killed in action 7; died of wounds 3; wounded severely 18; wounded, degree undetermined, 111; wounded slightly 1.

### The army list follows:

**Killed in Action**  
Sergeant C. A. Stephenson, Anderson, S. C.; Corporals M. K. Crabtree, Toppenich, Wash.; E. H. Jelley, Woodhaven, N. Y.; B. Walters, Theak, Ky.; Mechanic T. S. Price, St. Louis, Minn.; Privates T. Albine, Brooklyn, N. Y.; F. Altobell, Berlin, N. H.; E. F. Bowman, Wheeling, Pa.; S. F. Briot, Tonawanda, Wash.; P. A. Conley, Philadelphia, Pa.; J. H. Cotterell, Sonolign, Cal.; A. E. Lesinger, Danville, Ill.; A. C. Cui, Ark.  
E. C. Hartman, 249 Downey street, San Francisco; S. J. Johnson, Jr., Cooperstown, N. Y.; A. S. Johnston, Homer City, Mo.; M. B. Katz, Worcester, Mass.; J. Kelly, Detroit, Mich.; R. E. Kelley, Flandreau, S. D.; B. Korawiczka, Brea, Ohio; F. W. Marten, Onaga, Kas.; F. J. Nea, Shrewsbury, Mass.; J. Nemick, South Bethlehem, Pa.; R. C. Pars, Encampment, Wyo.; M. Polenski, Philadelphia; H. R. Rhodes, Reading, Pa.; F. Sager, St. Paul, Minn.; W. G. Schafelke, Appleton, Wis.; D. K. Shedd, Manchester, N. Y.; J. H. Tatro, Harrisville, R. I.; J. W. Williams, Bangor, Me.

**Died of Wounds Received in Action**  
Private C. Colin, Kent, Ky.; Corporal H. E. Simmons, Worcester, Mass.; Privates P. M. Brothers, Randolph Center, Vt.; W. L. Chamberlain, Griswoldville, Mass.; J. S. Raphael, Hartford, Conn.; J. W. Weir, Litchfield, Conn.  
**Wounded Severely**  
Captain A. Nathness, Menominee, Wis.; Lieutenants P. H. Brockman, Weiser, Idaho; H. L. Weymann, Caladonia, Miss.; W. W. Wicoff, St. Charles, Minn.; Sergeants H. Dill, Columbus, O.; H. Franklin, Pendleton, Ore.; E. J. Kazel, Toledo, Ohio; F. King, Oshkosh, Ind.; S. Kopinski, South Bend, Ind.; E. H. Pretymann, Huff, Pa.; Corporals R. J. Bainbridge, Edmondton, Okla.; R. W. Colflesh, Des Moines, Iowa; S. Donnelly, Ambler, Pa.; Wagoner W. Zegitz, Chicago.  
**Privates L. T. Akers, Columbia, Ky.; J. Asien, Chicago; O. Bernhart, Kennewick, Wash.; S. Buchalski, Michigan City, Ind.; L. F. Vans, Mar-**

**Wounded in Action, Degree Unknown**  
Corporals E. Backman, Park City, Utah; C. Eby, Ogden, Utah.  
**Marine Corps Heroes**  
The marine list follows:  
**Killed in Action**  
Sergeants W. H. Cooper, Rochester, N. Y.; H. C. Lacey, Lancaster, Tex.; R. M. Mabry, Poplar Bluff, Mo.; F. L. Tigner, Richmond, Va.; S. B. Tucker, Leet, Mich.; Privates H. Hawthorne, Superior, Wis.; R. A. Nitsche, Leavenworth, Kan.  
**Died of Wounds**  
Privates C. O. Rozell, Orange, Cal.; E. F. Short, Cashmere, Wash.; F. C. Mosher, Brooklyn, N. Y.  
**Wounded in Action**  
Privates F. B. Dosch, Chicago; C. R. Glidden, De Kalb, Ill.; S. Grasso, Houma, Iowa; T. Hartenbower, Caldwell, Ida.; W. W. Huguet, Hazelcraft, Ill.; F. L. Hulliger, Chicago.  
**Wounded in Action**  
Second Lieutenant A. G. Skelton, Corvallis, Ore.; Sergeant C. W. Watson, Buxton, Ore.; Corporals G. E. Filsk, Chicago; G. Gulberg, Chicago; T. I. Kerr, Fenton, Ill.; N. H. Canero, Nina street, San Francisco; C. A. Sawyer, Basset, Neb.; Privates C. A. Adelhardt, Troy, Ill.; C. O. Bruner, Chicago; T. T. Cary, Walnut, Iowa; R. T. Chickering, Chicago; F. Collier, Springfield, Ill.; C. A. Craelius, Chicago; E. T. Elert, William, Ill.  
A. M. Lake, La Grange, Ill.; J. M. Reed, Chicago; A. J. Anderson, West McHenry, Ill.; T. M. Rutledge, Metropolis, Ill.; A. R. Wilmanns, Chicago; W. R. Barret, Chicago; A. F. Brennan, Chicago; J. E. Ellis, Crete, Neb.; S. P. Gilbert, Cedar Rapids, Iowa; J. Hale, Seattle, Wash.; M. R. Jaine, Boulder, Colo.; A. J. Senecal, Oakland, Cal.; J. A. Tupper, Pocatello, Ida.; J. M. Uhrig, Sterling, Colo.

**Supplemental List**  
A total of 706 names was carried in the American E. F. casualty list yesterday. The names of 407 men were issued in Washington early yesterday morning and were published in the Register last night. A supplemental list of 299 names, showing 256 killed in action and 43 dead of wounds, was issued yesterday afternoon, too late for publication in yesterday's paper. This supplemental list follows:

**Killed in Action**  
Captain Howard C. McCall, Philadelphia; Lieutenants David M. Barry, 1223 Bath street, Santa Barbara, Cal.; Charles H. Evans, Marblehead, Mass.; David F. Ewing, New Orleans, La.; Donald F. Ghent, Ann Arbor, Mich.; Robert M. Lovett, Chicago; Sergeants Kenneth K. Burns, Rodeo, N. M.; Elisha L. Turner, Mountainburg, Ark.; Herbert H. Bell, Hightstown, N. J.; George H. Bohlman, Lancaster, O.; Austin H. Gray, Westmoreland Depot, N. H.; Clifford Cartledge, Waterville, Conn.; Arthur V. Chadbourne, Dover, Me.; Harold E. Dowd, Manchester, N. H.; Theodore Goble, Boston; Paul L. Hon, Deland, Fla.  
John F. Lynch, Brooklyn; Charles O. McKay, Jonesboro, Ark.; Archie McKenzie, Fairfield Center, Me.; Guy Minkler, Philmont, N. Y.; Jeremiah T. Morley, Manchester, N. H.; John W. Powers, Medway, Mass.; Alexander Seales, Plymouth, Pa.; Arthur F. Sheils, Saugerties, N. Y.; Gunnard Thomas, Damriscotte, Me.; Corporals Glenn W. Harmon, Chappell, Neb.; Verne O. Reed, Bloomfield, Ia.; Leroy A. Allen, Bridgeton, Me.; Frank Alldridge, Philadelphia; Bert B. Baker, Danby, Vt.; Ralph L. Chabot, Worcester, Mass.; Millard W. Corson, Madison, Me.; Antony Delmonico, Syracuse, N. Y.; John J. Dillon, Plains, Pa.; Fred S. Freeman, Jr., Augusta, Me.  
Harry I. Geist, Mt. Carmel, Pa.; George O. Grover, Fairfield, Me.; James I. Haas, Rockton, Pa.; Edwin W. Hallien, Hyde Park, Mass.; Victor J. Hartoff, Nashu, N. Y.; Ralph H. Hosler, East Wilton, Me.; James J. Kelley, Jr., New Bedford, Mass.; Frank L. Kirk, Stoneham, Mass.; Albert Lavorgna, Canton, Me.; Andrew Laycock, Northport, Ala.; Andrew M. Layden, Philadelphia; Marshall D. Leach, Plymouth, Conn.; Harold C. Lee, Montevideo, Minn.; Luvile E. McAllister, Norway, Me.; August Mathison, Methuen, Mass.; Harmon H. Morrison, Ashley, O.; Oscar R. Nichols, South Chesterfield, Me.; Simon Peters, Skowhegan, Me.; Clarence Rivers, Hawkinsville, Ga.

### HERO IN 2 WARS

Serg Major John Henry Quick, of the U. S. marines, who has been cited for bravery by General Pershing for taking a truck load of ammunition into trenches near Chateau Thierry over a road swept by artillery and machine gun fire was a hero of the war of 1895. He was awarded the Congressional medal of honor for his conduct in fighting at Cuzco, Cuba in June, 1898. Quick stood against the sky on a hill with his back to the enemy bullets cutting all about him, and signalled firing direction to the cruiser Dolphin.

**ANOTHER POCKET BEING MADE BY GENERAL FOCH**

Allied Strategy May Again Force Crown Prince to Retire or to Lose Army

By J. W. T. MASON  
(United Press War Expert)  
NEW YORK, Aug. 6.—Another deadly pocket is being formed by General Foch around the German positions on the Vesle. The sides of the wedge are being forced northward from Soissons toward the Chemin des Dames and from Rheims to Berry-au-Bac, while the Germans on the Vesle, between Soissons and Rheims, are gradually being left in the hollow.

General Foch's present purpose is to move his east and west flanks northward faster than his center. By this maneuver a condition similar to that which existed when the Germans were on the Marne will again threaten Von Hindenburg. The longer Von Hindenburg clings to the Vesle the more time will be given to General Foch to drive his flanks northward, thus deepening the new Vesle salient.

Von Hindenburg can overcome this strategy only by withdrawing from the Vesle or by throwing an immense number of reserves into defensive positions north of Soissons and Rheims. If he thus uses up his reserves for defensive fighting, Von Hindenburg will be playing General Foch's game. Every German reserve unit thrown into the present fighting weakens the force with which the Kaiser must defend German territory against America's forthcoming offensive.

The possible danger to the Germans in the present trap is greater than existed at the Marne. If General Foch can move his flank northward for a sufficient distance before Von Hindenburg starts to retreat from the Vesle, the Allies will begin to close in five to ten miles north of the Vesle and in general parallel to it.

When the Germans then commence to retire a disastrous flight across the Aisne under the fire of the Allies' artillery might well be the best they can expect. The Aisne is now in high flood. That flood means serious difficulties in getting heavy artillery across. A day's delay may thus turn out to be fatal to Von Hindenburg.

## HUN RESISTANCE CONTINUES ON VESLE RIVER LINE TODAY

Americans Mopping up Snipers in Fismes; Advance Constantly Presses On

BY FRED S. FERGUSON  
(United Press Staff Correspondent)

WITH THE AMERICAN ARMIES IN FRANCE, Aug. 6.—German resistance continued today along the Vesle. Heavy fighting is under way on the entire line. The enemy is holding the heights along the north bank of the river. His artillery fire has increased, while his machine guns sweep the river crossings and the approaches to the heights. American artillery is pounding the boche positions.

Meantime additional Allied infantry and other units have crossed the river.

The situation in Fismes is peculiar—reminiscent of the days when the Americans occupied Vera Cruz. Although the town is held by our troops, German snipers are still concealed in buildings and cellars. Americans on both sides of the Vesle are mopping up these snipers and stray machine guns.

Our advance forces are likely to continue beyond Fismes and let the rear elements finish the mopping up operations.

American cavalry is patrolling the Fismes region. Rain is falling and all roads are semi-rivers. Fields are soft underfoot, men and horses sinking deep in the mud at every step. The banks of the Vesle are more marshy than ever, making operations slower and more difficult.

In spite of these handicaps, the Americans continue to feel out the German line, constantly pressing forward. The Vesle in this region is about 15 meters (about fifty feet) wide and is swift and deep. Crossings were made, however, over partially wrecked bridges, the men climbing over the wreckage that still protruded above water.

Stiff fighting marked the taking of Fismes. The boches had extensive machine gun defenses and rather heavy artillery concentrations. Extended artillery preparation preceded the American attack, smashing some of the machine gun nests and putting a few batteries out of action. Then the infantry stormed the others, fighting partly through the streets and partly in the open, and driving the enemy beyond the river, which divided the town. Another smash threw the boches completely out of the city, except for the snipers.

Just prior to the attack on Fismes, the Americans inflicted bloody losses on the enemy as the latter retreated down the heights south and east of the town. The Americans reached the crest of the heights as the boches were retreating down the slopes. Our riflemen and machine gunners opened up a deadly fire and soon carpeted the hillside with German dead and wounded. Fismes was held by a German regiment with a special machine gun detachment which, according to prisoners, formed part of the reserves of Crown Prince Rupprecht's armies. The majority of the prisoners are between 18 and 20 years. Their best men have been killed and replacements have been made from young reserve divisions. Included among the enemy divisions in this region, however, are some of the crack guard regiments, as well as other types of their best troops.

The Americans are improving in their work of cleaning up machine gun positions without heavy losses. Every day they are encountering tricks new to them but are meeting them by springing new tricks of their own. The boches strung quantities of barbed wire in the Vesle region but did not retard the Americans' crossing. Possibly due to the hasty nature of their retreat, the enemy left none of the devilish devices behind that characterized their retreat before the British on the Somme. Every grenade or suspicious article found in the houses is carefully handled.

Meantime careful search is being made in all of the captured towns for spies. The boches have a trick of leaving a spy in a French or American uniform hidden in a town to come out after Allied occupation.

—W. S. S.—  
**CONGRESS OF REFORMS NOW IS IN SESSION**

PACIFIC GROVE, Aug. 6.—The Congress of Reforms of the Women's Christian Temperance Union of California opened its first meeting here with several hundred laity and delegates in attendance.

The opening address was made by Miss Jennie Lind Redfield, following the declaration of W. C. T. U. principles by the audience. Evening services were also held. The convention closes next Friday.

—W. S. S.—  
**FRUIT CROP PROFITABLE**  
WOODLAKE, Aug. 6.—Deciduous fruits are making high profits for their growers, and practically all outstanding records were broken by shipments made from this district. The highest price to be reported was the sum of \$3250 paid for a carload of plums, shipped from the property of the Red-banks Orchard Company, several hundred dollars more than the previous high record.

## 4 Reasons

Why

## Smart Shop

is Santa Ana's Fastest Growing

## Cloak and Suit House

REASON NO. 1

### WE WORK IN QUANTITIES

It's the old story of the triumph of resources over again. We are able to purchase vast quantities of Coats, Suits, Dresses, etc., at season ahead prices and to display such an overwhelming variety of styles that the most critical of buyers will be suited. We dispose of our merchandise in such enormous quantities that we can always work on a smaller margin of profit than our nearest competitor.

REASON NO. 2

### WE GIVE THE SAME SERVICE TO ALL

There is no high or low in our method of dealing with customers. The buyer who comes in for a small purchase meets with the identical service and courtesy in our store as the buyer who gives us a large order. This is not mere language, but honest fact.

REASON NO. 3

### OUR POPULAR PRICES

The reason we can OUTVALUE and UNDERPRICE is simple. We give MORE for LESS because we buy MORE FOR LESS. All buyers will attest to this. Indeed that is why buyers always visit our showroom first. You can get everything here, whether it be Waist, Skirt, Suit or Coat. The latest and best styles always.

REASON NO. 4

### WHEN YOU READ

Of the wonderful things our boys are doing Over There, doesn't it make your heart swell with pride to think that you, too, are doing something to help? By-the-way—War Savings Stamps is one way you can help.

Yours for Victory

## CORN CROP LOSS HEAVY FROM EXTENDED DROUTH

Estimated 60,000,000 Bushels Lost During Past Week of Hot Weather

WASHINGTON, Aug. 6.—A record-breaking heat wave is sweeping the western and central states, the weather department announced today.

Many high marks have been shattered and it promises to be the hottest August day in this section for many years. The following records were established for August heat today:

Pittsburgh, 100; Evansville, Ind., 104; Chicago, 102; Columbus, 104; Indianapolis, 102; Davenport, Iowa, 104.

HARRISBURG, Aug. 6.—The city at 3:45 p. m. today held the heat record for interior Pennsylvania, 102 degrees.

NEW YORK, Aug. 6.—Two deaths from heat and numerous prostrations were reported here this afternoon. The temperature at 2:30 was 89.

DES MOINES, Aug. 6.—Unless there is a heavy rain throughout the corn belt states soon the damage to the corn crop will be tremendous. This is the opinion of Henry C. Wallace, of Wallace & Warner, recognized grain authority.

The rain fall during June and July was only 5.2 inches, which is nearly two inches short of the necessary moisture.

Summing up reports from all sections of the corn belt, Wallace estimates the corn crop yesterday at 2,850,000,000 bushels. The drought during the past week has caused an estimated loss of 60,000,000 bushels during that period.

With continued hot and dry weather the crop in all corn states and Iowa particularly will be tremendously damaged, according to Wallace's report.

Considerable moisture is needed immediately to make up for the shortage in the past two months.

Another Scorching Today.

DES MOINES, Iowa, Aug. 6.—With the average thermometer readings throughout Iowa at 82 degrees at 8 o'clock—two degrees higher than yesterday, weather bureau officials predict another scorching.

Yesterday's highest reading, 104, will be overtaken before noon, they said.

Corn Burned to Crisp.

LINCOLN, Neb., Aug. 6.—Nebraska is being subjected to one of the worst heat waves in years. Hot winds from the south are burning the corn to a crisp. Although the last two days have not equalled Sunday's record of 109 degrees, there is no indication of a let up. All corn except the early crop is practically gone.

## NEAR-RIOT CAUSED BY AUSTRIAN EAGLE

Two hundred jackies from the Great Lakes naval station and many civilians caused a near-riot because an Austrian eagle still adorned Vogelsang's cafe, on West Madison street, Chicago. While the crowd cheered a jackie mounted a ladder and hung an American flag over the hated emblem.

## IF BOOTLEGGING CONTINUES, ALL SALOONS WILL BE CLOSED

San Francisco Warned by Military Authorities That Violations Must Cease

SAN FRANCISCO, Aug. 6.—San Francisco received warning today that unless bootlegging ceases the entire city will be placed under ban by the war department and all the saloons closed inside of six months. This ban would prohibit the sale of liquor anywhere in the city.

The warning was issued by Captain Harrington W. Cochrane of the provost guard in a meeting with police commissioners last night.

Captain Cochrane read to the commission the ruling of Adj. Gen. H. P. McCain at Washington, D. C., in regard to the Cliff House, which was closed last week, owing to its proximity to Fort Riley. McCain ruled that because Fort Riley is not a training camp the half-mile "dry-zone" order does not affect the Cliff House.

## GET NEW KIDNEYS

The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering out and throwing off the poisons developed in the system, things begin to happen. One of the first warnings is pain or stiffness in the lower part of the back; highly colored urine; loss of appetite; indigestion; irritation, or even stone in the bladder. These symptoms indicate a condition that may lead to that dreaded and fatal malady, Bright's disease, for which there is said to be no cure.

You can almost certainly find immediate relief in GOLD MEDAL Haarem Oil Capsules. For more than 200 years this famous preparation has been an unfailing remedy for all kidney, bladder and urinary troubles. Get it at any drug store, and if it does not give you almost immediate relief, your money will be refunded. Be sure you get the GOLD MEDAL brand. None other genuine. In boxes, three sizes.—Adv.

## Court House News

### AGAIN DECIDES WILL IS VALID

Third Time, Judge Holds Mrs. Pusey's Estate Goes to Her Relatives Here

For the third time, Judge West has decided that the will of Mrs. Gertrude Finley Pusey is valid, and that the estate, valued at \$25,000 should go to the brother, sisters, step-mother and brother-in-law of Mrs. Pusey, and none of it should go to Henry S. Pusey, to whom she was married three and a half months before her death in the Willamette river in Oregon.

The case has been twice to the appellate court, and it is almost certain to go there a third time. Mrs. Pusey, before her marriage, was Mrs. Gertrude Connell Finley, a well known teacher in the Santa Ana schools.

The decision upholding the will is based upon the illegality of the divorce of Pusey from his first wife. Judge West rules that Pusey was never legally divorced from his first wife, therefore could not legally marry the Santa Ana woman.

Mrs. Pusey was a widow when she wrote a will on Sept. 20, 1913, by the provisions of which her estate will go to relatives in Santa Ana and Los Angeles. On June 15, 1914, she married Henry Pusey, an Oregon man, who had been twice married before he met her. She died on Oct. 1, 1914.

S. H. Finley of Santa Ana sought letters for probate of the will, he being named executor. Pusey's attorneys put in a counter petition, asking that letters go to M. M. Crookshank, Pusey alleged that when Mrs. Finley became Mrs. Pusey her will was automatically cancelled, and he asserted a claim as her widower to half of her estate. That marriage does cancel a will is a well established point in California law, and the defense of those seeking to establish the validity of the will was and still is that Pusey was never legally divorced from his first wife and could not legally contract the marriage of June 15, 1914.

The findings in the case as filed here for the third time are that Pusey was married to Julia Jarvis at Stockton on April 10, 1886, and to Kattie Pain at Multnomah, Ore., on Nov. 6, 1906. A divorce from the first wife was secured in Clackamas county, Ore., in September, 1893. No summons was served upon Julia Pusey. The records show an affidavit by Pusey showing summons was published. Pusey alleges that he did not know the whereabouts of Julia Pusey. The court here finds that he did know where she was all of the time and even lived with the woman for several days after the divorce was granted before the woman knew there had been a divorce. Judge West rules that the service of summons by publication is incomplete, that the law of Oregon for divorces was not followed, and that the divorce was illegal.

With these findings, judgment is given placing the estate in charge of S. H. Finley. A half interest in the Hervey-Finley block at the southeast corner of Fourth and Bush streets is included in the estate.

W. S. S.

### PRISONERS EXPRESS SORROW OVER DEATH OF C. C. MAXWELL

An unusual resolution has come into the office of Sheriff C. E. Jackson. This resolution was sent there from the felony ward of the county jail. It was written by one of the prisoners, and expresses something of the sterling spirit of fair play that marked the life of Deputy Sheriff Charles C. Maxwell. The resolution reads as follows:

Upon learning of the death of Mr. Charles C. Maxwell, Deputy Sheriff of Orange County, the following resolution was unanimously agreed upon by the prisoners, incarcerated upon felony charges:

"Resolved, Whereas, the spirit of Charles C. Maxwell has passed from this life into that state known as death, and the knowledge of the sudden demise of this man came as a shock to the felony prisoners; We, one and all who knew him realized that he was an able officer who, at all times during the performance of his duties, painful and sorrowful as they were, was ever ready to extend the helping hand or give a word of encouragement to those, who through the trials of this life, came into contact with this officer, and who was kind but stern in the face of his duty as he interpreted the laws of man and the laws of God, from his heart.

"BE IT RESOLVED, that a copy of this resolution be drawn and presented to the Widow and Family expressing our sorrow, extending our sympathy to the bereaved family of our friend now departed.

(Signed.) "A PRISONER."

W. S. S.

### FINAL DIVORCE DECREE

A final decree of divorce has been given Stella Rios Arce against Yencio Arce, and the woman is given the custody of the two children and the right to resume her maiden name.

W. S. S.

### GOES UP ON APPEAL

Yesterday papers were filed in an appeal from Justice Howard's court at Anaheim. L. M. Zederman and F. A. Dyckman on a bill of \$54.27 for goods furnished a firm at Anaheim Landing. The justice sustained a demurrer and an appeal was taken.

W. S. S.

### MUST PAY \$1 A DAY

Pablo Vernal pleaded guilty to non-support of his family, and he was given two years' probation with an order that he pay \$1 a day to his wife.

### ASKING FOR REPORT ON PLANS OF COUNTY FOR TUBERCULAR SOLDIERS

The board of supervisors has received a letter from the State Board of Health asking what provision this county will make for the care of discharged soldiers suffering from tuberculosis. The state health board says that so far no man sent from Orange county has been returned here on account of tuberculosis, at least so far as the State Board of Health records show. It is expected that each county will provide for special care for soldiers returned with tuberculosis. When the state board hears from a county board of supervisors, it takes the matter up further with local Red Cross societies, enlisting their aid in co-operation in taking care of the situation.

W. S. S.

### MAN WHO DROVE OVER GUARD OFFICERS IS ON TRIAL

Before a jury and Judge Thomas, W. E. Wright of Fullerton is today on trial in the superior court on a charge of driving an automobile while intoxicated, thereby causing injury to Jesse L. Elliott of Santa Ana.

Wright is the man who drove the automobile on the evening of May 20, that struck and injured Capt. Koepsel and Lieuts. Elliott and Hayden of Santa Ana Home Guards and Lieut. Smith of Orange Home Guards when on parade at Fullerton. The guards were drawn up facing a reviewing stand when the officers, who were standing a few paces in front of their men were run down.

District Attorney West and Deputy Koepsel are prosecuting Wright and Attorney Clyde Bishop and Leonard Evans are defending him.

On the jury are A. R. Rowley, Alfred Shrobbree, J. F. Buier, W. J. Downs, N. H. Leonard, Thomas Hill, J. S. Ellis, F. H. Snyder, W. H. McDonald, W. J. Cole, G. B. Kelly and B. F. Beale.

The first witness was Dr. D. C. Cowles, who described Lieut. Elliott's injuries, which included a broken arm. The next witness was Dr. W. M. McMillan, of Fullerton, who was called to examine Wright immediately after the accident. He said that Wright was intoxicated. He talked "as though he had mud in his mouth," his breath smelled of liquor, his head lolled and he had every appearance of being intoxicated.

The case will probably not go to the jury before tomorrow.

### CANVASS OF VOTES OF DISTRICT FINISHED

The Board of Supervisors completed the canvass of the votes cast at the election held in Newport Heights Irrigation district. The vote in favor of the district was 50 for and 3 against. The directors elected are L. G. Swales, Charles Gardner and Charles Prinslow. G. A. Waterman is elected treasurer and tax collector of the district and J. B. Cleghorn is assessor.

W. S. S.

### CONTRACT IS LET FOR DYER ROAD SURFACING

This morning the Board of Supervisors let a contract to the L. A. Paving Company for placing Topoka soil surfacing on the Dyer road. The bid was .066 cents per square foot. Other bids were: Fairchild, Gilmore, Wilton Company, .085 cents; Wells & Bressler, .079 cents; Orange County Engineering & Construction Company, .0695 cents.

### NATIONAL K. OF C. CONVENTION OPENS

NEW YORK, Aug. 6.—The national convention of the Knights of Columbus opened here today at the Waldorf-Astoria for a two-day session. Raising of a war work fund of \$500,000 was one of the principal pieces of business to be discussed.

The California delegation was here in full strength determined to secure the 1919 convention for San Francisco. California's delegates are: David F. Supple of San Francisco, Joseph Scott, of Los Angeles, L. E. Mahan of Eureka, John J. Jones of San Jose, Philip Bertrand of Bakersfield, L. H. McManus of Napa and James McLaughlin of Oxnard.

## Chic Bathing Suits

### —New Jerseys in Stock

—The Jersey Bathing Suit has proved to be the most comfortable kind of a garment in the water. Our new Jersey suits, in shape, color, and trimming are very attractive.

### Wool Jerseys \$5 to \$8

—A variety of colors and shapes can be found to suit every taste, wing sleeve or sleeveless.

—The brighter colorings are Orange, Scarlet, Green, and Rose, all of them suitably trimmed in white or contrasting shades.

—The staple colors of Navy and Black, trimmed in white, are shown in all sizes.

—Cotton Jerseys, in Black and Navy only, trimmed in white, at \$3.00, shown in all sizes.

### Body Trunks, 75c to \$2.50

—For those who desire to make their own suits, these swimming trunks are essential, and save the use of baggy bloomers.

—Made of gray or black cotton knitted fabric, or wool jersey, low neck and sleeveless. All sizes in stock.

—Bathing accessories, such as rubber caps and hats, at 25c to 75c; canvas shoes at 40c and 50c; bathing suit bags for wet suits and towels.

—Second floor.

## And the Proper "Togs" for the Mountains

### Women's Riding Breeches, \$3.50

—Made of excellent quality, heavy Khaki, properly shaped, buttoned at the side, and tight fitted and laced at the knee. Furnished with convenient pockets. All sizes 26 to 33 waist measure.

### Khaki Norfolk Jackets, \$4.00

—Of heavy Khaki, strongly made, with two big side pockets, sailor collar, belt and tie. A very attractive coat, and matches exactly the riding breeches.

### Divided and Walking Skirts, \$3.75 to \$5

—In medium weight Khaki, excellent skirts for mountain wear. The divided skirts are full and comfortable, two rows of buttons down front. The Walking Skirts are finished with belt and two patch pockets.

### Wool Flannel Middies, \$8.50

—Excellent quality wool flannel, the famous "Jack Tar" make, and shown in colors of navy blue, scarlet, and emerald green. White braiding and lacers.

## FIVE MILLION IS NEW ESTIMATE ON CITRUS CROP

### Unprecedented Prices Force Revision of First Estimate of Returns

ORANGE, Aug. 6.—The "four million dollar" descriptive term recently applied to the Orange fruit district when the June returns came in, is "off," according to officials of the Orange County Fruit Exchange. Four million is wrong, they say; it will be five million.

The unprecedented market, rather than any change in crop estimates has forced the revision of calculations. The exchange's July receipts went above even the month of June which broke all previous records of the industry. The June receipts were \$633,567.77 but the July returns totaled \$645,356.51. There were 262 carloads of fruit shipped during July.

Shipping approximately 1200 cars for the year to August 1, the exchange received the tremendous sum of \$2,260,000 for that period. This is more than the entire year's receipts during an ordinary season. Manager L. D. Palmer of the exchange estimates that the entire season's receipts this year will reach four million, while independent growers will receive at least a million more.

These figures mean that five million dollars will pour into the citrus district of which Orange is the capital. It is double the amount of wealth produced by the average season. Hereabouts the rancher will be gazed upon as the man of the hour.

W. S. S.

## PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Aug. 6.—A family reunion and picnic at Orange County Park was enjoyed by Mr. and Mrs. G. W. Gates, Mr. and Mrs. Bruce Richards and children, Mr. and Mrs. P. L. Courtney, Mr. and Mrs. C. A. McGill, Mr. and Mrs. H. L. Cleveland, Mr. and Mrs. Myron Warner, Mrs. Anna Cleveland, Mrs. Jessie McDaniel and children of Orange; Mr. and Mrs. L. C. Gates and children, Mr. and Mrs. C. R. Gates and children, Mr. D. G. Gates and Mr. C. T. Gates of Mesa, Ariz., Miss Velda Lewis of Downs, Kan., Mr. and Mrs. Fred Cleveland and son of Los Angeles, Mr. and Mrs. Alton Warner and children and Mr. and Mrs. Julia Warner of Tustin and Mrs. Velma Bell of Santa Ana.

Mrs. L. M. Crawford and parents, Mr. and Mrs. McGrew of Imperial, accompanied by Mrs. L. Summer, have gone to Bear valley for a month's outing.

Mr. and Mrs. W. P. Smith and son, Willard, of 537 East Maple, have returned home from a camping trip to San Francisco and other northern points.

Mr. and Mrs. T. W. Cunningham and family have moved to Orange from Riverside. They are residing at 30 River avenue.

Walter F. Meyer has been transferred from the Presidio to Manila.

W. S. S.

Taylor's Ice Cream is pure. Made in a clean and sanitary factory.

W. S. S.

Switches made from combings, \$1 each. Mrs. Cora B. Cavins.

## Laundry Queen Electric Washer

—This is the first time this wonderful Washer has been shown in Santa Ana.

—It may look similar to others—but let us show you the difference.

—All moving parts are completely enclosed. Tub is supported on steel frame. Wringer swings in any position and has the best grade rolls made. Tub is entirely separate from all mechanism. It is equipped with an Emerson motor, and Washing and Wringer may be done independently or together. Say the word—if you would like to have this Washer sent to your home on trial.

TO THE LAST PENNY

Over in France, the summer streams of Champagne run red with blood. This is not new in the history of the great war. What is new is that the blood of the best trained American soldiers mingles with that of the heroic dead and wounded on both sides. America is beginning to pay the real price for being in the war—in the lives of brave men—the big casualty lists are now coming in. Most of us have had our thrill over the story of the American advance from Vaux to the Vesle, but if we stop to think, there are thousands of mothers, thousands of wives and thousands of sweethearts who have yet to hear the news that a son, husband or lover is dead, dying or crippled. And yet knowing the grief of our women will be pride that their "man" had the courage to cross the seas and fight for freedom and for future peace.

Within the borders of France today there are more than a million American soldiers. Nearly three-quarters of a million of these are fighting men. It seems safe to guess that the average month, from now on, will add at least one hundred and fifty thousand fighting men to our army in France. Each one of these may be called upon for the last supreme sacrifice, and each one, we believe—we know—is ready to answer to that call.

The history of this war has shown that munitions are almost as important as men. The bravery of the Russian peasant in dying on the banks of the Dunajec, clutching at his rifle, useless for lack of cartridges, availed nothing against the Germans with their thousands of cannon and unlimited ammunition. We at home are not fighting and cannot fight, but we can see that nothing—nothing—nothing shall stop the flow of necessary munitions of war across the water.

One thing more. We can see that the government is provided with all the money that our President believes it should have to spend in order to hasten the coming of peace—money, even though we know of instances of waste—money for experiments—money at the call of the President without an explanation until the end of the war.

MORAL: Buy double your quota of War Savings Stamps this month and get good and ready for the Fourth Liberty Loan next month.

WHAT EVERY MOTHER NEEDS

There are two things which every mother needs. One is a vacation, once a year at least, from the care of her children. She should be freed absolutely from housework, house care and child care for at least a week or two. This is not only cheaper than doctors' bills, but it is cheaper by far than the sort of constant weariness and not being quite up to par which are so commonly the portion of the mother who does her own work. Also, it is the freshness and courage with which she comes back to the home she left in fatigue and probably in discouragement, which improves living conditions in every way. By all means manage somehow to give mother her vacation. It pays.

Next to the vacation, every mother needs the bulletins on Child Care issued by the Children's Bureau at Washington. And particularly does every mother need the one called "The Pre-school Age," by Mrs. Max West. To obtain it, one has only to write to the Children's Bureau, Department of Labor, Washington, D. C., and ask for Bureau Publication No. 30. It will be forthcoming, free of charge.

Of all the textbooks on the care of young children, from handy pamphlets to ponderous tomes, this little book seems the most complete in its helpfulness. How to dress your child? Page 30, including a diagram of an extremely useful, pretty, simply made, simply laundered little dress.

How to feed your children? Page 28. What to feed them? Many pages of lists and clear explanations and careful instructions.

Play, sleep, how to take care of their teeth and how to answer their questions; all of these and more subjects are treated in the bulletin. They are treated, moreover, with such sympathy, both for mother and child, such understanding of the needs of both, that the whole forms a book unequalled in interest and utility.

Two things every mother needs: First, a vacation; and when she gets back refreshed, have ready for her perusal Children's Bureau Publication No. 30.

OUR WAR BILLS

The war is costing us now about \$66,000,000 a day. That means perhaps \$3 a day for the average family. We are paying about one-third of the expense in taxes and borrowing the rest, which means that we are now paying in cash about \$1 a day per family and leaving the balance for ourselves and our children to pay.

It is necessary obviously to save that \$1 a day out of our earnings. It looks like a pretty big undertaking when you consider that the average American family's income is supposed to be only two or three times that much. The saving fact of the situation is that the bulk of the taxes are paid by the rich and well-to-do, so that in reality the "average family" gets off with less than the average dollar-a-day assessment.

On the whole, rich and poor alike find that they can bear this apparently heavy burden better than they expected. It is hard, but not impossibly hard. Despite our immense contribution, our per capita share is less than that of any other important belligerent. We have the advantage in population, in total wealth and in earning power. We can pay \$50,000,000 for two years of war without suffering.

Beat the German Peace Drive

BY GEORGE CREEL

Chairman Nat'l Committee on Public Information—There is betrayal in the question, "When do you think the war will end?" It is betrayal, because it argues weariness and weakness.

The answer must be given by our soldiers and sailors, but it must be given also by the millions who remain in civil life. Our hearts, beating high with tremulous pride, are echoing today the answer that is being given in France by bomb and bullet.

In the light that streams from the Marne, how utterly small seem the sacrifices and services demanded of us here at home. Yet their importance must not be underestimated. We stand fast, even as they stand fast. To whine, to nag, to think in terms of personal profit are things that come under the head of "treason."

Stand fast against the German whisper. Do not lend your tongues to rumor, gossip, lies or slander. They sap and undermine our inner defenses. Let's fix it so that we will not have to wear gas masks here at home. In the rush of preparation, there have been failures, but on the whole a great task has been greatly discharged.

Just as our soldiers are beating back the German drive in France, so must we beat the German peace drive here in America. In view of our three years of honest neutrality, they brand themselves as traitors who dare to say that this is not a war of self-defense, a war against war, a war in behalf of civilization and humanity. We will win, but that the end may be swift, let our 110,000,000 people stand as one.

Observations

A New York firm advertises: "Our mattresses are soft and deep, yet full of life."

Uncle Sam intends to raise the tax on a \$5 bottle of perfume from 10 cents to 20 cents. Don't cry. There will be no tax on the common brands of soap.

To do our best the task at hand,  
We all should truly try;  
And some must fight and some must work,  
And all should swat the fly.

The king of Bulgaria has left his country for his health. Quite different with the Kaiser. He spends most of his time in his own country for the same reason.

We don't know who is going on the American commission to Russia to study that country's needs, but there ought to be a barber in the crowd.

The Germans are carrying away in their retreat all the clocks they can get hold of. That's about as near a good time as they have been getting out of this war.

A man in Barney, N. J., has a beard 15 feet long. We don't know which would be the more practical thing for him to do next winter, burn it or wrap it around himself and use it instead of underwear.

Uncle Sam has 118 shipyards in full operation and 44 others partly completed. Berlin: papers, please copy.

We hear that Mrs. Trotsky, who is going to Sweden with \$1,000,000 to spread Bolshevik propaganda, will not receive a very warm reception. Somebody has spread the report in Sweden that the million is in Russian money.

One Dr. Lohmann of Bremen urges that Germany demand Great Britain supply her with raw materials for two years after peace is declared and that all of Germany's lost tonnage be restored. We have no idea of who Doc Lohman is, but we suspect he had his business training with an ice company, a gas company, or a telephone company.

A. O. Haymaker is a farmer near Kent, Ohio. Nellie Halfhead is superintendent of schools at Broadhead, Wis.

Edward Legg was arrested at Halifax, N. S., for boot-legging.

In spite of the dry movement, Beer played with the Oakland, Cal., team this year; Martini, with Beaumont, Tex., and Lush, with Dallas.

A. V. Goodpasture owns a dairy near Memphis, Tenn. Wyatt Bass and Gertrude Salmon have been married in Tampa, Fla.

Lower Now

"Here are a dozen eggs."  
"What for?"  
"I owe you a dozen. Don't you remember I borrowed a dozen of you in February?"  
"Yes, and I also remember that eggs were 80 cents a dozen then."

Bud Flivver's Observations

\*\*\* Old Riley Mudd—Came over yesterday—And he asked me—What did I think—Of him trying—Double harness again—

\*\*\* And I told him—I knew he was stubborn—But I didn't know—He was a mule—Or a beast of burden—

\*\*\* And he said—I didn't understand—And he told me—He was thinking—Of taking a plunge—Into matrimony—

\*\*\* And I asked him—Why didn't he—Take a plunge—In a lake—Or something—And regain his mind—

\*\*\* And I told him—If he was so brave—He should go to war—And he said he would—But he was too old—

\*\*\* And I told him—Then he was old enough—Not to be—So everlasting careless—About matrimonial affairs—

\*\*\* And he said—He had two women—In his mind—And he didn't know—Which one he—Should propose to—

\*\*\* And he said—One of them—Was the widow Marsh—And the other was—Aunt Hannah Newcomb—

\*\*\* And if the telephone—Had been in the other room—So he couldn't hear—I would have called up—The humane officer—

\*\*\* And he said—He would have proposed—To Samantha Hardboldt—But the other day—She gave him—A nasty look—

\*\*\* And I told him—Not to blame—Samantha for that—Because he had always—Had a nasty look—

\*\*\* And he said—He had an idea—The Widow Marsh—Would be proud—To sign her name—Mrs. Sarah Marsh-Mudd—

\*\*\* And I asked him—Didn't he know—Marsh mud was—Full of mosquitoes—And malaria—And death—And everything—

\*\*\* And he said he guessed—He would decide on—Aunt Hannah Newcomb—And if he does—The first time—His bull pup chases—Aunt Hannah's goat—We will have to send—A riot call—To the police—By Bud.

Fumigation With "Liquid Gas"

Reprinted from the South African Journal of Science, October, 1915.

"Anhydrous Liquid Hydrocyanic Acid for Fumigation Purposes"

By Charles William Mally, M.Sc., F. E. S., F. L. S.

For the destruction of insect pests on fruit trees by means of hydrocyanic acid gas, the usual practice is to generate the gas by the action of dilute sulphuric acid on potassium or sodium cyanide, either (a) dry, or (b) in solution. Either method leaves much to be desired, for it not only takes time and care in preparing the chemicals, but there is also the danger of burning the tents by acid coming in direct contact with them; or the absorption of fumes of vapors driven off during the generation of the gas may result in the familiar "rotting" of the canvas. The above factors are of special importance in connection with vineyard fumigation for the destruction of the mealy bug, Pseudococcus campensis Brian, because the vines, whether trellised or "bush," must be covered with long, narrow sheets of gas-proof canvas, almost the whole of which is in close proximity to the freshly-generated gas by whatever means it is produced. The space enclosed is very small, and hence only a small amount of gas is required. On account of the shape of the tent, the gas should be liberated at several points to secure a quick and uniform distribution. This means a number of small generators or points of introduction from an external generator. In military work the trouble with acid and cyanide and generators increases the amount of strict supervision necessary, and the

time required to do the work. On going into the matter of possible ways of improving on the present methods, I decided to try to make use of the fact that the gas readily condenses on being subjected to a low temperature, and produces the anhydrous liquid hydrocyanic acid. The matter was discussed with the government analyst, Dr. C. F. Juritz, and later on with the assistance of Mr. W. W. Brighton-Manning, in arranging the details of a small experimental apparatus, a small quantity of the liquid acid was produced at the Entomological Experiment Station, Rosebank, Cape Province.

The liquid acid proved to be much easier to work with than was anticipated. On testing it with different insects, I came to the conclusion that the gas arising from the liquid diffuses more quickly, and is more violent in its action than that from an ordinary generator. This is probably due to the absence of moisture or other impurities, which may, in the case of generator gas, have a retarding effect. If this holds in practical work it is an important item, for it involves a smaller amount of gas or else a shorter exposure.

Portions of ordinary silk ribbon, muslin and boat-sail drilling saturated with acid showed no ill effects after a fortnight. This also is of considerable practical importance, for it indicates that the "rotting" of fumigation tents under present methods is due to impurities from the ordinary generator. Whether there is a corresponding reduction in the injury to plants has not been determined.

The dangerous nature of the acid must not be overlooked, although on the whole, with equal care in giving instruction as to its use, I consider that it is no more dangerous than bisulphide of carbon. Under normal trade conditions, it may be possible for manufacturing chemists to produce the anhydrous liquid acid economically, possibly from low grade materials that are not suitable for fumigation under present methods, and ship it as a commercial article in place of the cyanide and acid. In such case, it will simplify practical work, because the acid, which vaporizes very quickly on exposure to the air, can be injected through suitable openings in the tent or other enclosed space, and thus do away with disagreeable and cumbersome generators and the accompanying by-products. The practical results should be more reliable than by present methods.

A larger apparatus is being arranged with a view to producing a sufficient quantity for field tests.

—W. S. S.—

ENGLISH WOMEN WILL DESIGN OWN SUITS

LONDON, Aug. 6.—Man always did set a bad example!

The clumsiness of the man's standard suits has proven to the fair sex that mere man must not attempt to have a voice in choosing a suitable standard uniform for women.

Women are unanimous in declaring they must select the style and cut themselves.

A consensus of feminine opinion inclines to have quality and price of materials for standard dresses fixed, and also prices for making. There is a strong demand that steps should be taken to place these standardized articles on the market in readiness for the cold winter weather.

"But," says a leading W. A. A. C. officer, "don't let them make any mistake. Girls are wearing uniforms for the war's sake, but none of them really like it. My girls are always telling me how they long to break forth into bright colors, and when the war's over there'll be no holding them back in this direction. They have the good sense to wear plain things, and they are sensible enough to work for the nation, therefore they are sensible enough to choose the cut of their suits." And woe betide the man who tries to "lay down the law" on this point!

## SEVENTH BIRTHDAY

Little Miss Donamae Walton  
Enjoys Anniversary with  
Boy and Girl Friends

A very happy occasion was the celebration yesterday afternoon of the seventh birthday of Miss Donamae Walton at her home, 833 Parton street with eleven of her little boy and girl friends to participate in the merriment of the happy occasion.

Together with the jolly little games, dear to children, the little folks were entertained with pleasant stories. They were then lined up with Donamae as the leader and marched into the prettily decorated dining room, where a beautiful pink and white birthday cake centered the table and twinkled with the same color candles.

After the children were seated they sang "Happy Birthday" for the little hostess and then assisted her in blowing out the candles.

Donamae's mother, Mrs. Frank Walton, was assisted in serving the delicious pink and white ice cream and birthday cake by her aunt, Mrs. James Nuckolls.

Those enjoying the little affair were Donamae's grandmother, Mrs. Walton, Elmore and Augusta McKelton, Moran, Cones, of Orange, Lois James, Leone Moon, Frances Miller, Neil and Beryl Willis, Madona Smith, Francis and James Walton.

—O—

**Farewell For Soldier Son**  
Mr. and Mrs. E. A. Biggs were hosts last night at a farewell chicken dinner in honor of their son, Frank E. Biggs, who left today for Camp Fremont to enter his country's service. The table was very prettily decorated with roses. The evening hours were spent with social conversation.

Mrs. Frank Biggs leaves this evening for the California hospital, where she will complete her hospital course, having left the hospital on account of her health.

## FOR MISS ROWLEY

Misses Leslie Smith and Bessie  
Lewis Hostesses at Former's  
Home Last Night

Among the many pleasant affairs planned for Miss Grace Rowley before she leaves here for China, after her year's furlough, was the one last evening, given by two of her old friends, Misses Leslie Smith and Bessie Lewis, at the former's home on South Birch street.

The home was gay with baskets filled with rich-hued zinnias and the evening hours were taken up with an interesting and appropriate travel game, during which Miss Rowley was presented with a beautiful bouquet.

Those invited beside the honoree were: Misses A. R. Rowley, Charles Harper, C. A. Gustlin, D. A. Bear, Will Cowen, L. D. Mercereau, John F. Talbot, Herbert Rankin, John Sauer, George Lewis, Harry Lewis, F. A. Preston; Misses Berta Armstrong, Mary and Fannie Smart, Lula Ott, Estella Daniel, Alice Trickey, Alice Gall, Robbie Jones, Hattie Whidden, Mayme Brightwell, Suzanne Claycomb, Esther Patterson, Bessie Hill, Edith Ward and Emma Weil.

## PERSONAL MENTION

Dr. Mabel Vance Tremain is spending a week at Newport.

Dr. and Mrs. J. M. Burlew and little son, Fred, returned last evening from India.

Lieut. W. J. Pease, son of Mrs. R. C. Pease of 1038 West Bishop, has arrived safely overseas.

Misses Pauline Parsons and Inez Cloyes went to Los Angeles this morning. Miss Parsons will go to Redondo Beach to make a visit with Mr. and Mrs. Chrisman.

F. O. Daniel was among Santa Anas in Los Angeles today.

Mr. and Mrs. E. L. Vegely and Mr. and Mrs. G. P. Campbell returned yesterday from a trip to Dark Canyon. They intended to return Sunday evening but trouble with their automobile delayed them and the return trip was one that they will not soon forget.

Mrs. H. S. Tarver and her daughter, Miss Fanny Ada Tarver, have arrived here for a visit of several weeks at the home of Attorney B. E. Tarver.

Mrs. Tarver and her daughter have visited here several times and have many friends here.

Mr. and Mrs. H. G. Herriek went to Los Angeles Saturday and spent Sunday with Mrs. Harriett Davis, who returned with them for a few days' visit.

## NEWS IN BRIEF FORM

B. M. Chesley, Jr., of the Register force was called to Los Angeles last night by the death of his father, B. M. Chesley, Sr., of 218 East Forty-second street, Los Angeles. Death was due to apoplexy.

A special dispatch this morning from Harry Williams, Times correspondent, says that in a recent trip Williams met a number of Southern California aviators, among them Guy Gale, who is the son of Mrs. Annie Gale, 922 Spurgeon street. "They have completed their training," wires Williams, "and are eager and ready to take a whack at Fritz in the air."

Ed Miller is in custody on a charge of disturbing the peace, the affair taking place at a rooming house about 1 o'clock this morning. Miller made disloyal remarks in a restaurant along about midnight and later went to his room. C. L. Young, hearing of the remarks, with others went to Miller's room to talk with him and caution him about his way of talking about the government. Miller was inclined to fight to settle the matter with his fans and Young picked him up and threw him on the bed and sat on him until Officer John Ryan arrived and took him to jail.

M. Tonioka, who lives at the southwest corner of Second and French has reported to the police that someone broke into his trunk Saturday night and stole an Elgin watch and a purse containing \$12 or \$13.

There are several stray cats in the city. This fact has been discovered by Mrs. Fred Parsons who last night inserted an ad in the Register advertising the loss of the children's kitty. "Tommy Pershing" was returned to the children early in the evening, as a result of the ad, the cat having wandered over on Broadway. Mrs. Parsons answered phone calls up to 10 o'clock last night and again bright and early this morning by people who wanted to inform her that they had a stray cat. Two or three were brought to her last night. Mrs. Parsons could have had her back yard full of cats by this morning if she had accepted all that were tendered her.

The Crown Stage line has put additional cars on its run between Long Beach and Santa Ana, and inaugurated a special car to accommodate local ship yard workers making daily trips to the harbor. Under the new schedule, a car leaves Santa Ana at 6 a. m. and a car, leaving at 8:30 p. m., returns from Long Beach, giving both an earlier and a later service than formerly.

AMERICANIZING  
LEADER HERE  
IS McDERMOTT

Three Members of Committee Go on County Council of Defense

A. M. McDermott of Santa Ana has been appointed director of Americanization for Orange county. The formal appointment was made yesterday in a visit here by Emanuel J. Jack of San Francisco, state director of the Bureau of Americanization conducted in connection with the California Commission of Immigration and Housing.

McDermott, Mrs. A. J. Crookshank and C. E. Utt have been selected for recommendation to the director of the State Council of Defense for appointment as Americanization representatives upon the new County Council of Defense, which is to be appointed under a plan for re-organization of county councils all over the state.

The Americanization plan is a nationwide movement, which aims to bring aliens and native-born men and women to a full understanding of American ideals and principles. The principal work of those carrying forward the movement throughout the country at this time is to make those who do not speak or read English understand what the war is about and particularly what the draft is for. The spirit of America is to be fostered through various means, such as the furnishing of literature and public speaking.

It has often been pointed out that Orange county's principal problem and about its only serious problem in Americanization is the Mexican problem.

'RETURN OF DRAW EGAN'  
AT THE TEMPLE TONIGHT

Inceville's cowboys—those graduates of the range who are now giving their picturesque personalities to the screen—used the prescriptions of a scenario recently to decide a bet. They enlisted the services of some scenes in "The Return of 'Draw' Egan," the play by C. Gardner Sullivan, in which William S. Hart is starred.

Ever since Hart associated himself with the Ince players, the rough-and-ready lads who wear the chaps and six-shooters, have been debating the question of the noted actor's ability with a gun. Some have stoutly maintained that he is an expert shot. Others have as stoutly maintained, perhaps jokingly, that as a marksman he is a fine plumb.

When Hart was given the

# CITY WILL SUBSTITUTE CRUDE OIL FOR GAS FOR POWER AT WATER PLANT

"I don't think we should let the gas company play with us and use us as a means of getting rid of extra gas when they have it and then shut us off when gas is short and they can dispose of all of their product to domestic consumers at a higher rate."

This was the comment of Superintendent Ransom Reid at the meeting of the city council last night during a discussion of official notice from the Southern Counties Gas Company of the new rates that prevail under the schedule granted the company by the railroad commission for permission to raise its rates and which resulted in the council deciding to return to the use of oil in generating power at the water works. The notice also called attention to the fact that the company has the right to shut off the supply of gas to the city water works on a half hour's notice should occasion require such action, and that under classification by the railroad commission service would have to be interrupted in case there should be a shortage, as domestic consumption would have to be taken care of first—in other words, under the ruling the city water system has been classified as non-essential. The company advised that the city take precautions against interruption by placing its equipment in condition to change over to other fuel on a half hour's notice.

This notice and one from the railroad commission advising that the application of the Edison company for permission to raise its prices would be heard in Los Angeles on the 19th, produced a long discussion in which remarks complimentary to the railroad commission were made. Tubbs declared that he did not believe it was worth while to have the city represented at the hearing on the Edison petition as it did not seem to avail anything against the corporations, as the railroad commission usually gave them what they wanted.

"We showed conclusively at the gas hearing that the company was earning 12 per cent on its investment in Santa Ana," said Tubbs. "Santa Ana was made a part of a district and under the increase is taxed to make up deficits at other points within the district. I have come to the conclusion that it doesn't do any good to present evidence before the railroad commission, as the corporations usually get what they want."

The increase in the rate of gas supplied to the city for generating

power at the water plant amounts to 102 per cent, according to Reid. The city is now paying about \$450 per month for gas at the power plant and the increase will make it over \$900 per month. The increase and the fact that the company can cut off the supply on thirty minutes' notice, decided the council on going back to oil for generating power. The city clerk was authorized to advertise for bids for supplying the city with oil for from three to five years, the period of supply and the specifications for oil being left to Reid to incorporate in the advertisement.

The city has about five carloads of oil on hand, which it has been carrying for some years for use in case of an emergency. This amount will run the plant for about a month, the average consumption being about a carload and a quarter a week. It will cost the city about one cent a barrel more to produce power under oil than with gas.

"The gas company can cut us off at any time, under the classification by the railroad commission, and I don't think it advisable longer to let the company play with us," said Reid. "When the company is short of gas it can cut us off and sell it to domestic consumers at the advanced price. In the adjustment of the rates, the schedule was figured on the cost price of oil, and made to come just under the cost of operating with oil. We have been paying 15 cents for gas, under the new rate we will pay about 32 cents, which is equivalent to one cent under oil."

The motion to advertise for bids for oil came from Tubbs, and was the first step in the city's program to go back to the use of oil in generating power at the water works.

Installation of a municipal electric plant of sufficient capacity to carry the ornamental lighting system of the city in case excessive rates are made for electricity if the Edison company application for permission to increase its rates is granted by the Railroad Commission was suggested by Mayor Visel in the discussion of the notice of the hearing to be held in Los Angeles on the 19th.

It evidently was the first intimation the mayor had of the company filing the application.

"Well, what do you think of that?" exclaimed the mayor after the reading of the notice by the clerk. "and yet, I am not surprised, for abnormal conditions obtain at the present time."

It was at this point that Tubbs made

his statement that he had come to the conclusion that it didn't do any good to present evidence before the railroad commission.

"We have a remedy," said the mayor. "We have a power plant at the water works and at little cost we could install equipment that would be sufficient to carry the ornamental lighting system."

Tubbs wanted to know if the company could raise its rates in face of the contract entered into with the company, and was informed that it could if the railroad commission granted its petition.

The order of the National Fuel Administration to eliminate all unnecessary lighting, in which the street lighting of the city will be curtailed, brought up the question of whether or not deduction could be made from the Edison bills in proportion to the reduction of the service.

The extent of the reduction was not known to the council and it was decided to have local manager Deimling appear before the board at an adjourned meeting next Monday night and clear up the situation as to the decreased service and whether or not the city would have to pay for the full service under the fuel administration regulations.

City Attorney Scott was authorized to attend the hearing on the application.

**Two Platoon System**

Santa Ana's paid fire department is to be placed on the two-platoon system and the number of men in the volunteer fire department is to be reduced from twenty to twelve, and Police and Fire Commissioner Tubbs was given authority to effect the reorganization of the department.

"Reorganization of the fire department is necessary," said Tubbs, "and after investigation I see no way out except by adding another man to the paid department, making four men and the fire chief paid employees of the city. We have been unable to keep men on the job because of the long hours. It is true the work is not hard, but the men have to be on duty for twenty-four hours, and good men will not remain in the service, especially when they can get employment of eight hours a day and as good if not better wages. The time has passed when men will work twenty-four hours a day. We can cut down the volunteer department, eliminate the position of captain and pay all the drivers \$85 per month and at about what the cost of the department is under the present system."

"By adding another man, the hours can be arranged so that none will have to stay on duty the full twenty-four hours. The men can be divided into shifts. If we cut the hours, we can get as good men for this department as are serving in other city departments. I would make the salary of the drivers \$85 per month and the chief \$100, or an increase of \$5 per month all around. The department would then cost us \$440 per month for the men in the paid service, or \$100 more than we are paying now. We have been unable to keep men in the department, and the frequent changes in drivers resulting from long hours has crippled the department and the conditions threaten to bring about an increase in insurance rates."

"We can cut the volunteer department to twelve men, and this will be a large enough number to handle most any kind of a fire. We now have about twenty men on the roll. We could reduce the cost of the company by decreasing the number in the volunteer department, for they receive compensation when they respond to an alarm. It costs about \$60 every time the department is called out, and I believe we could still further reduce the cost by taking steps to eliminate false alarms. Frequently alarms come in that the men feel certain are false, yet they cannot refuse to respond, for fear that it might develop to be a big fire. However, in such cases, when the men believe the alarm is false, or that it is a small blaze, the paid employees at the fire hall could respond to the call. Where it is deemed necessary for the full volunteer company to respond, the less number under the reorganization would effect a saving that would offset the increased cost by the addition of another man at the fire hall."

The matter of eliminating the false alarms, most of which come in by telephone, was conceded to be a hard problem. It developed that there is an ordinance which provides arrest and fining of parties who turn in false alarms.

Fire Chief John Luxembourg stated that many false calls resulted from the confusion of the telephone number of the Santa Ana steam laundry and the fire department.

"The laundry number is 33 and the fire department is 23," said Luxembourg, "and many calls have come to the department to send the wagon to such and such an address, and the department has responded only to find that there was no fire at the number given and that the call was intended for a laundry wagon."

Tubbs will reorganize the company under his own plans in order to make it efficient and render protection to the city that it should have.

**Again the Garbage Collector**

The service rendered the city by the garbage collector is still unsatisfactory and bondsmen of the Eyrard Bros., the original contractors, are to be notified that the service is unsatisfactory and that the bondsmen must

# FALL FESTIVAL WILL BE HELD EARLY IN OCTOBER

HUNTINGTON BEACH, AUG. 6.—At a recent meeting of the Chamber of Commerce it was decided to hold the Fall Festival, the principal community event of the year, the first week in October and it is hoped that our country farmers will note this and be making preparations for one of the greatest events in the history of Orange county.

**S. A. Boy Near Drowning**

A little boy from Santa Ana whose name was not learned, came near drowning here Friday. He was about eight years old and could not swim much, so when getting into water beyond his depth he was soon helpless, but by the help of other boys and the use of the city's new pulmotor he was soon restored.

**B. F. Beswick, of Tustin, candidate for county superintendent of schools, was in the city Friday.**

**Is Returned Y Worker**

W. L. Stidger, one of the Y. M. C. A. workers in France, who recently returned to this country, gave a very interesting address at Arbormar Sunday afternoon. He also spoke at the afternoon service Saturday and he had only words of cheer and comfort to bring to all. Although he could see four principal things of good being wrought out of this black cloud of war, he said the greatest of all was the fact that Jesus Christ was being accepted and enthroned in the hearts of men in the army to a greater extent than ever before, and that America is espousing the principles of Christianity to a greater degree than ever before by way of considering the other fellow and his needs.

Rev. Ferris preached a very clear and strong sermon Sunday morning from the text, "But He Preached Unto Them Jesus" (Acts 17-18), and closed the Methodist meetings Sunday evening, having had one of the most inspiring and spiritual uplift meetings ever held in Huntington Beach, for he preached unto them Jesus, and Him crucified.

**Brief Beach News Notes**

Ray Harris has enlisted in the navy and was to leave today to take up his new duties with Uncle Sam.

The H. B. Produce Association met at the library last Thursday forenoon as planned to elect officers and organize for work, but their articles of incorporation had not arrived from the secretary of state so they adjourned until August 15 at 7:30 p. m., at which time it is expected that all papers will be on hand and they can consummate their organization.

Miss Madeline Sprowls of Los Angeles, who has been spending two weeks in the city, will return to her home Wednesday.

Mrs. Cora B. Hearn went to Los Angeles with thirty-four comfort bags for the sailors and soldiers Thursday, made by the local W. C. T. U.

C. W. Warner was in Los Angeles on business Friday.

The Women's Relief Corps will hold a regular meeting in Odd Fellows' hall Tuesday afternoon at 2:30. All members are requested to be present.

Mrs. S. E. Huchins of Santa Ana, who formerly had charge of the Sea Side Home for Children in this city, is spending a short vacation here.

Miss Mabel Birch, who has been with the First National Bank for several years, has resigned and accepted a position in Los Angeles where she began work yesterday.

The W. C. T. U. will hold its regular monthly meeting in the Palm cottage Thursday afternoon at 2:30.

Mrs. L. H. C. Yeoman of Anaheim, county president of the W. C. T. U., was in the city Sunday and attended the meetings at Arbormar.

## LEMON JUICE TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Adv.

## DO YOU APPRECIATE Good Quality LAUNDRY WORK

OUR PRICES ARE AS LOW AS CAN, POSSIBLY BE GIVEN CONSIDERING SERVICE

## THE SANTA ANA STEAM LAUNDRY

Both Phones 33.

## Highest Price Paid For Your Old Cars.

We sell Tires, Tubes, all sizes and makes. Also all kinds of auto parts for all kinds of makes.

## Santa Ana Junk and Wrecking Co.

417-419 West Fifth. Phone 1246.

## CALIFORNIA STATE FAIR

AT SACRAMENTO

August 31st to September 8th, inclusive

### Make the War Time Fair the Biggest Ever

United States Government Food Training Camp Show What You Have Done. Learn What Others Have Done. We Need More Soil Products—Better Livestock Exhibit Your Best to Help Solve the Nation's Food Problem The key notes of the 1918 California State Fair

## OUTLOOK BRIGHT FOR NATIONAL GUARD UNIT

## HOWARD TURNER IS HERE FROM KELLY FIELD

First Drill Last Night; Over  
Dozen More Men Examined;  
Total About 80

The first drill of the National Guardsmen was held last night, when the men who had been examined met at the former Home Guard office at 314 East Fourth street, and were given instruction in marching and facing on the Roosevelt school grounds. At a business meeting, the Home Guard officers, A. E. Koepsel, captain; J. C. Haylen and Jesse L. Elliott, lieutenants, were elected officers of the new company. They responded with short talks in which they outlined the rosy prospects of the new company. Captain Koepsel said he expects the local company to become the best in the state within a few months, and Lieutenant Elliott said prospects are good for a battalion headquarters here.

More than a dozen new men were examined and passed last night, bringing the membership to date over the eighty mark. Others will be examined tonight at Dr. Dubois' office over Reinhardt's store.

Tomorrow evening is the date for the National Guard rally and muster in, and all men who have been examined are instructed to report at the south entrance to the courthouse by 7:15 Wednesday evening. Col. Herbert R. Fay will be there to address the men, and will muster them into the service.

Sweat box price for Thompson Seedless has been placed at 6 1/2 cents and Sultanias 6 1/2 cents.

Will Return to San Antonio  
Tomorrow; Now in Ground  
Work, Hopes for Flying

Private Howard Turner, wearing the green hat cord of the aviation service, is in Santa Ana on a short furlough from Kelly Field, San Antonio, Texas, where he has been for the past two months. He expects to leave on the return trip tomorrow afternoon. His work has heretofore been entirely on the ground, but he is making strenuous efforts to get in the flying class and hopes to become pilot of a battle plane.

A number of Turner's squad at the Presidio officers' training camp several months, Lieut. R. P. Safford of Semma, Alabama, was listed in the casualty list in the Register yesterday as "Died of Wounds," and Turner told of Safford's desire for service.

"He went to the officers' camp with a major's commission," said Turner. "When the camp was over, he was told he could not be commissioned a major for active service, but if he would resign his major's commission he would be sent into active service at a lower rating."

Safford, who was 45 years old and an attorney of San Francisco, resigned his commission as major, accepted a commission as first lieutenant and went overseas.

The great value of the nut as an important article of diet is not appreciated in the United States as in the European nut-producing countries, where it forms a staple food among hundreds of thousands. Uncle Sam's nut appetite is capable of being vastly increased.

W. S. S.

The State Department announces that it has arranged to export to Mexico 1,500,000 bushels of corn in addition to other foodstuffs and agricultural machinery.

## ARE CHEERED ON GOING AWAY TO BEGIN DUTIES WITH ARMY

Scores Attend Dinner Given  
as Farewell Affair for Men  
Leaving in Draft

With addresses ringing with patriotic good cheer, with a sincere expression of the appreciation of the community's interest in their welfare, thirteen drafted men were today started on their way from Santa Ana to Camp Fremont.

At noon today several scores of men and women from over the exemption district sat down at dinner, served at Elks Club dining room by the canteen committee of the Red Cross. Drafted men with members of their families were guests.

Following the serving of the meal, Attorney Clyde Bishop as toastmaster called attention to the great change of mind and thought that has taken place in America toward the draft.

"The draft is the greatest of democratic institutions," declared he. "There rich and poor alike are measured by the one standard—manhood. I am glad that the draft age has been raised to 45, for that will include me."

Rev. Henry Emmelen, pastor of St. Joseph's Church, pointed out to the drafted men the fact that the allied world today depends upon the United States.

"Go," said he, "prepared to meet not only a bitter enemy, but go prepared to meet your God."

Deputy District Attorney Menton in excellent phraseology extended to the drafted men the congratulations of the community that they have been selected to go.

"You go to fight a monster that would put this world back into the Dark Ages," said he. "Go, but rest assured of your future, for this country will remember your services, and it shall respond even as you are now responding."

During the banquet orchestral music by Mrs. Mills, Mrs. Watry and Mr. Mackie and solos by Raymond Miles were much enjoyed.

The men gathered at 2:30 o'clock at the courthouse, where there was roll call, and exercises, with Rev. O'Rear as the speaker. Comfort kits were given the men by the W. C. T. U., and the contingent was escorted to the train by the Santa Ana band and the Santa Ana and Orange Home Guards companies.

### Those Who Leave

Junius M. Nelson is to be sent for the local board by the board at Richfield, Utah. With the local contingent going this afternoon is J. J. Prager, who will be sent for Portland, Ore.

Those answering roll call here this afternoon, ready to go, are Otto H. Duker, 505 East Palmyra, Orange; Robert F. McCullum, 1015 Highland, Santa Ana; Frank E. Finster, 111 South Birch, Santa Ana; Placido Jacques, 109 North Flower, Santa Ana; Juan Majel, 1016 Logan street, Santa Ana; Oscar Schildmeyer, R. D. 2, Orange; Joseph H. Ryan, 601 East First, Santa Ana; Frank E. Biggs, 702 East First, Santa Ana; Edward A. Goetz, Santa Ana; John L. Maganety, 1010 West Fourth, Santa Ana; Eddie G. Squires, Tustin; Jesse G. Rose, 846 North Van Ness, Santa Ana; J. J. Prager, Portland, Ore.

Those going from Fullerton for No. 2 district are Calvin E. Adams, Santa Ana; Edward Heying, Anaheim; Daniel B. Clark, Los Angeles; Roscoe N. Hodson, La Habra; Frank F. Volz, Anaheim; Donald Larter, Huntington Beach; McDowell A. Gorton, Anaheim.

Roll call for No. 1 district was conducted at the courthouse this morning by V. V. Tubbs and S. W. Nau, chairman and secretary of the local exemption board. Frank E. Biggs was appointed leader of the contingent with Edward A. Goetz as assistant. Biggs was sent to Camp Lewis last fall and was there rejected physically. Since physical requirements are now less stringent than they were then, he is going to camp again. Goetz has had service with Company L. He appeared in uniform today.

### Leave Next Tuesday

The local board has received instructions to induct two men into the tank corps. These men are Charles Wallace and Dale M. Bay, both of Orange. Next Tuesday they are to leave here for Ft. McDowell, with orders that they be sent from there to Camp Colt, Gettysburg, Pa.

### Quotas Reported

A dispatch from Sacramento brings the information that on August 26 or within five days thereafter, thirty-three men are to be sent by Orange county to Camp Lewis. Of these, twelve are to go from No. 1 district and twenty-one from No. 2 district.

The order for No. 1 district can be filled without taking any of the 21-year-old men. Chief Clerk Overshiner has seventeen Class 1 men of the 1917 registration still on the list. Of these nine men have temporary stays for agricultural grounds, and enough of those stays will be terminated to fill out the call. Men of the 1918 registration who are ready to go to camp can volunteer for this call.

### TWO MEN SENT TO CAMP LEWIS ARE REJECTED

FULLERTON, Aug. 6.—The local board has received word to the effect that all but two of the twenty-four men entrained from here on July 22 for Camp Lewis have passed the examination there and been accepted for service. Leroy Eymann of Garden Grove failed to pass the vigorous physical test at the camp and has been rejected.

Ernest Johnson of Ontario, formerly of Yorba Linda, was entrained on July 22 for Camp Lewis, Wash. He failed to pass the army's medical test and has been rejected.

Edward Condis of Placentia, a reg-

## NEW WAR BRIDE SERVICE FLAG

The war bride's service flag has now made its appearance, so if you see a flag displayed having a red and blue field divided diagonally with a white star within a white circle, you may rest assured that a war bride lives there.

The bride's service flag is correctly displayed under the service flag of her husband and only at the home of the bride.

istrant of last June, who applied to the local exemption board for immediate induction, has passed the medical examination and will be entrained at an early date.

A dispatch from the local exemption board at Santa Barbara to the local board here says:

"Venzelado Espinosa, registered Los Alamitos, in custody here, has no final card; wire instructions."

Benzelado Espanosa was an employee at the Alamitos sugar factory, in June, 1917, when he was registered as an alien in this exemption district.

Chief Clerk Gobar says that if it is found that the man's acts have been wilful he will be turned over to the military authorities for court-martial.

W. S. S.

## EAT MACARONI, NOODLES AND SPAGHETTI

'Clean up the Shelves' Period  
Declared by U. S. Food  
Administration

Strict compliance with the "less wheat" rule has resulted in an over-supply of macaroni, spaghetti, and noodles on dealers' shelves, which may spoil, according to the Food Administration, which now asks that these products of Italian fame—and Italy is our ally—be eaten more profusely until the supply is again normal.

"Clean up the shelves," say the Food Administration in a bulletin just issued to retail grocers, hotels and restaurants, and received by H. H. Moye, city food administrator. "On account of a surplus of macaroni products (spaghetti, macaroni and noodles, in packages—not in bulk) you are urged to promote the sale and consumption of these items of food for a period of 30 days from date, or until such time as you are advised that the stock of these goods has again become normal."

"The patriotic response to the wheat conservation appeal of the Food Administration is doubtless the cause of this over-supply of macaroni products. Therefore, since it was not intended that these wheat products should be abandoned from such an extent that the goods already manufactured would spoil, you may suggest to the public and urge that especially during the 'Clean up the shelves' period (about 30 days) it will be considered as co-operation with the Food Administration to eat macaroni products. These valuable foods should be saved. During this temporary period, macaroni and spaghetti can be used in the home just as though they did not contain wheat flour."

"General permission is hereby given for all public dining places, until further notice, to serve macaroni and spaghetti at any meal and in any quantity just as though they did not contain wheat flour. In other words, macaroni and spaghetti are no longer to be considered under the 'Directions to Hotels, Restaurants and all other Public Eating Places.' All the remainder of said Directions are still in full force and effect. This special ruling for macaroni and spaghetti may be revoked or modified at any time but will probably be continued until the surplus is exhausted, which will probably be August 31, 1918."

## Don't Let Your Plumbing Run Down

If you are putting in a new bath room or building a new building or just remodelling your house, be sure to let us figure on the plumbing work. We can give you the benefit of our many years of experience.

### Bath Room Fixtures

You will enjoy home life the more if the bath room fixtures are new. New fixtures are also an investment.

### Plumbing Fixtures

Of course, you want your plumbing fixtures installed with careful regard to convenience of arrangement. That is our first thought when we undertake the work. And we aim to leave the finished work as neat and tidy as possible—everything in perfect working order, no skimping on materials.

Either Phone 99.

## The Galloway Bear Cat Tractor

With Fenders and Hood Removed

This tractor is three years ahead of anything on the market.

Examination will show Timken bearings, worm drive and all parts enclosed. They are entirely dust proof.

The sensation of the Tractor world, and it demands the attention of every prospective buyer of a farm tractor.

The nearest 100 per cent Right of Any Tractor made in America. Pacific Coast conditions demand a Tractor built with all the working parts enclosed and close to the ground; short wheelbase, permitting it to turn in small radius. We canvassed the entire United States to find it—and here it is—a wheel Tractor suitable for orchard, hill or valley.

Built like a \$5000 Truck and a finished product that a boy or a lady can

operate with the ease of operating a small runabout. It is all the same implies.

Strong as a bear and quick as a cat, burns gasoline, distillate or kerosene. It is light enough not to pack the soil and heavy enough to get traction under all conditions. It's not just what you expect—it's even more than you ever dreamed of.

Heavy duty slow speed motor designed and made for Tractor work; much heavier than truck motors; 4 1/4 in. bore, 5 1/2 in. stroke; with very large crank shaft and automatic governor.

Transmission and Rear Axle are bolted direct to motor, giving very short wheel base and short turning radius. And last but not least, Service of our Entire Force.

Will be demonstrated for three or four days at H. R. Smith's ranch, Prospect Ave., Tustin.
